

## Job Specification

**For: Electrical Installation Instructor**

Ref: VR/01261

### Job Description

---

£41,211 - £44,094 + Excellent Benefits  
Chatham, Kent

Would you enjoy teaching Electrical Engineering and Installations to level 3/4, to motivated students, keen to learn? Electrical Engineering and Installations Trainer required to teach in a professional and disciplined military construction environment.

£41K - £44K excellent benefits to include: 37 hour working week, 6 weeks holidays (plus bank hols), contributory pension, private healthcare, on-site gym / sports equipment, sick pay, cycle to work and on-going professional development.

This is a great opportunity to join a department of Trade Instructors, passing on electrical skills to others. The company has a long and very successful partnership contract with the Royal School of Military Engineering, providing a wide range of training.

Electrical Trainer Essential:

- Level 3 or above in Electrical Engineering with strong electrical / installations industry experience.
- Level 3 or above in Electrical Installations with an in-depth knowledge of DC and AC engineering science and circuits
- Knowledge of renewable energy equipment and installations.
- Capable of teaching electrical theory, practical maths and science to levels 3/4.
- Assessment Qualification (A1 or equivalent) or commitment to achieve one within 1 year of contract commencement
- Previous teaching experience, with a relevant teaching qualification (preferred or willingness to achieve one within 2 years).

Desirable:

Power generation and distribution

Domestic and commercial electrical installations; single and 3 phase.

1st fix, conduit, tray work, single core, multi core inspection, testing and commissioning.

Power production and distribution including siting, earthing, running and maintaining.

C&G 236 Pt 1&2 and C Cert / 2330 / 2365 or 2357 / 2391 2396 or equivalent qualifications including the DAO QN: 603/2673/6 and 603/2690/6.

V1 Quality Assurance.

Key Duties and Tasks:

- Instructing and demonstrating to trainees by verbal, visual and/or other means electrical engineering and allied subjects.
- Preparing lectures and lessons, demonstrations, classwork, homework, theoretical and practical examination tests to National recognised levels such as City & Guilds, Defence Awarding Organisation, National Vocational Qualifications (NVQ) and Army Department standards, to enable students to achieve approved training objectives.
- Preparing devices, diagrams and models etc. for use in instruction and demonstration.
- Controlling and supervising trainees under your charge, including responsibility for their safety, discipline and quality and quantity of output.
- Maintaining the agreed records required for trainees' assessment and any other management purposes (course reports, NVQs, trade boards etc.).
- Supervising and ensuring cleanliness of classrooms, workshops and other instructional areas.
- Maintaining suitable and current knowledge of electrical engineering.
- Participating in the classroom observation and appraisal scheme as required.
