

## Job Specification

**For: Fabrication & Welding Tutor**

Ref: VR/01278

### Job Description

---

Fabrication and Welding Tutor Vacancy Description:

If you have a passion for Engineering and dream of a career where you can make a positive difference to a person's career, this is your chance! Our client has a fantastic opportunity for you to support the next generation of Fabrication and Welding engineers.

Based in Bolton, our client is one of largest independent Apprenticeship training providers in the Northwest and has over fifty years' experience in the training industry.

They are recruiting a "Fabrication and Welding Tutor" who holds an appropriate level 3 NVQ qualification and able to demonstrate experience of working in industry within their career. You will need to be passionate about engineering and keen to pass on your knowledge and skills to the next generation of Fabrication and Welding Engineers. Don't hold a teaching qualification? Don't worry! Full training will be provided as part of your professional development.

As part of your role, you will work with groups of engineering apprentices and deliver practical training within the dedicated workshops on fabrication and welding processes. In addition to the practical delivery, you will be responsible for delivery of the underpinning theory in a classroom setting. This will be on subjects such as Health & Safety, Materials, Fabrication Principles, Welding Principles, to further develop the apprentices understanding and ability.

You will be delivering underpinning knowledge and coaching, producing learning plans and schemes of work where relevant. We will provide a robust induction plan to support your development within the role.

You will have full responsibility for allocated learners to ensure retention, progression and achievement.

Benefits:

- 25 days annual leave, plus bank holidays
- Pension scheme
- Life insurance
- Free onsite parking
- A full company induction
- Continuous professional development and access to training courses
- Access to Sports Injury Clinic
