

Job Specification

For: H&S Advisor

Ref: VR/01328

Job Description

Full time H&S Advisor

Location: Bristol Area / South West

Construction Safety Adviser - Full Time Role

The job role will be split between working from home; undertaking reviews of construction phase plans, safe systems of work, supplier appraisals (we run our own SSIP accredited assessment scheme) and various other safety related documentation. The work will also involve carrying out site audits on various construction sites, undertaking Pre-Construction Information Surveys and producing Pre-Construction Information Plans, attendance at client meetings, production of safe systems of work and providing general construction safety advice to both Clients and Contractors.

The job will involve travelling to and from your home to various sites / locations, it may also involve the occasional overnight stay and trips to Ireland, as required. The package includes the usual; car, healthcare, pension, laptop, iPad, phone, printer, PPE and company credit card to cover fuel and all other traveling expenses, hotels etc.

Salary is dependent on experience (both construction and safety) and qualifications (£37 - £45K(approx.)).

We are looking for someone with any of the following qualifications: Tech IOSH / GradIOSH - NEBOSH General / NEBOSH Construction / Diploma & / NVQ level 4 - 6.

You must be computer / iPad competent and capable of managing your own workload.
