

Job Specification

For: Electrical Engineering - Lecturer

Ref: VR/01378

Job Description

Chatham, Kent

Salary: £47K - £54K + Excellent Benefits

Unique opportunity for an Electrical Engineer to teach at a prestigious training facility in Chatham, Kent.

This is an extremely rewarding teaching environment that enjoys the benefits of highly motivated and disciplined students, excellent opportunities for professional development, great salary and benefits.

If you are interested in moving into teaching, with a passion to pass your expertise on to others, or already an Electrical Engineering lecturer / teacher, looking for the right career move, then we want to hear from you.

Salary of £47K - £54K plus excellent benefits including private healthcare, pension, 30 days' holiday (plus bank holidays), mental health and wellbeing support, on-going professional development, up to two professional subscriptions reimbursed, cycle to work scheme, onsite gym and cafes.

This is an exciting opportunity to join a company with an ambitious vision: *To be the UK's premier skills development partner, harnessing innovative solutions to equip their clients for the future.* The company is passionate about the success they deliver for their learners, partners, and local communities, empowering people to be ambitious, solution-focused, proactive, and creative thinkers. Their values - Commitment to learner success, Investment in People, Collaboration through partnership to achieve shared goals, Innovation to prepare for tomorrow - help them achieve their vision, to be the UK's most innovative training design and delivery partner, trusted by their customers to prepare them for tomorrow. They have a long and very successful partnership contract based at the Royal School of Military Engineering, Brompton Barracks, profits from which support education for young people across Medway.

The Electrical Engineering Lecturer will provide subject expertise within the multidisciplinary teaching team with a focus on electrical engineering to enhance current teaching delivery, reflecting current, state of the art and emerging engineering practices.

The Electrical Engineering Lecturer will demonstrate depth of knowledge and experience to be able to deliver content on design, installation and management of Electrical services, including AC/DC, Transmission and Distribution, and Switchgear and Protection. A good knowledge of Building Services is also desirable to cover all levels of student academic achievement from Level 4 to Level 7.

Additional experience to support your application:

- Level 6 or above qualification in electrical engineering (or a closely related subject).
- Teaching qualification to level 5 (or committed to achieving one through funded support with the company).
- Knowledge / experience of the construction industry.
- Incorporated Engineer, or Chartered Engineer, or willing to work towards professional registration in an agreed timeframe.
- Experience in higher education teaching the relevant subject area or have demonstrated that you have the strong potential to be able to teach their subject during interview.
- An understanding of the work performed by the Royal Engineers (Humanitarian aid, Peace-keeping, Disaster relief etc)

The company is committed to creating a diverse and inclusive workplace, all applications will be considered. We provide Mental Health First Aid and Coaching and Mentoring schemes, are accredited Investors in People, ISO accredited and have a Gold Award in the Medway Healthy Workplaces Programme and have won several Health & Safety awards.

Full Job Description is available on request.

Closing date Friday 25th April 2025 although this is subject to change allowing for market conditions.

Armed Forces Covenant – We offer guaranteed interviews to military veterans if they meet the selection criteria.

All posts are subject to a Disclosure and Barring Service application. The company follows the DBS Code of Practice.
