

Job Specification

For: Field Service Engineer

Ref: VR/01407

Job Description

Exciting Career Opportunity as a Field Service Engineer in Northamptonshire NN postcode.

Are you ready to take the next step in your career as a Field Service Engineer? A global leader in forklift trucks and warehouse equipment, is seeking skilled Field Service Engineers to join our team. As a Field Service Engineer, you will embark on a dynamic journey in the world of material handling, where no two days are the same. You'll immerse yourself in a diverse array of tasks, expertly navigating our extensive lineup of products--from agile pallet trucks to robust counterbalance trucks, and cutting-edge very narrow aisle (VNA) trucks to innovative automated solutions.

We offer a competitive benefits package, which includes:

A competitive salary based on your experience

The option of a 40-hour or 45-hour working week, Monday to Friday, shift premium and OT is available for those that want it.

25 days of annual leave plus statutory bank holidays

Additional days holiday based on long service milestones.

A company pension scheme with a 6% employer contribution and a minimum 4% employee contribution

Eligibility to participate in Employee Incentive Schemes.

Discount scheme, with access to deals from some of the UK's largest brands.

"Recommend a friend scheme" if you enjoy your role, recommend someone else and get rewarded!

Receive a 6-week Induction which offers world class training to enable you in your role.

Long term training development plans, some of the best in the industry.

Full Forklift Driver Licence

Opportunity for growth through technical grading process

Opportunity for the right candidates to undertake extended learning (Degree level).

We support our engineers with local and national technical support.

Laptop and phone provided.

All specialist tooling provided, and tool replacement policy provided by the company (Wear and Tear)

Ensuring you are safe and look the part, all PPE supplied company cleaned specialist work wear.

In addition, Field Service Engineer's package includes:
