

Job Specification

For: Boxer Build Mechanic / Fitter

Ref: VR/01414

Job Description

£38,400 + overtime, great benefits
Stockport

Ex military HGV Mechanics / Fitters required in Stockport. Due to business growth, this is an outstanding opportunity to join part of a global business operating in the defence industry, building and supplying the Boxer Infantry Vehicle to the British Army.

Working within a team of technicians responsible for the assembly process of the Boxer, working in line with the company's procedures to specific Health and Safety guidelines. The role is currently a day shift; however, production demand may require the flexibility of the post holder to work alternative shift patterns.

£38,400 + overtime, great career prospects and benefits to include:

Monday to Thursday: 0700-1530. Friday: 0700-1200
Pension: 4% Employee Contribution, 7% Employer Contribution
Holidays: 25 days (rising to 28 with service) plus 8 Bank Holidays
Sick pay: 4 weeks CSP (rising to 8 weeks with service)
Life assurance scheme: 4x Annual Salary
Cycle to work scheme
Free unreserved on-site parking
Wellbeing programme: events, weekly free fresh fruit etc.

Experience to support your Mechanic / Fitter application:

Proven experience as an HGV Mechanic / Fitter
HGV Mechanic Certification City and Guilds / NVQ
Level 3 Diploma in Heavy Vehicle Maintenance (desirable)
Vehicle assembly or maintenance experience
Understanding of technical documents
